

Technology Support Services is the customer service interface for the [Information Technology Services Department](#).

Please **contact us** with any of your technology related needs and we will either help you or route your request to the proper groups within our department who can assist you.

Technology Support Services Mission Statement

Technology Support Services serves as the first point of contact for all technology related issues for Mesa Community College. Technology Support Services strives to provide quality customer service and support in person, online, and on the telephone. Technology Support Services is committed to issue resolution in a timely and courteous manner.

Technology Support Services Vision Statement

Technology Support Services seeks to provide equal and competent assistance and support to all students, faculty, and staff of Mesa Community College regardless of ethnicity, cultural background, or religious affiliation. We are primed to share in the successful and productive support of our diverse college-wide electronic community.
